POINTS OF INTEREST

The chain link fence is a Nelson landmark donated by the benefactor Thomas Cawthron. Note the Fifeshire Rock where one of the early settler ships ran aground in 1842.

ROUTE DIRECTIONS

Cross Trafalgar Street from the 'Reef Knot' sculpture, to take the Maitai Walkway alongside the river to the front entrance of the Trafalgar Centre. Cross the footbridge over Saltwater Creek that takes you to the pedestrian crossing on Haven Road. Cross here and join the on-road cycle lanes which are marked to Tahunanui Reserve.

Return the same way via the cycleway along Rocks Road and Wakefield Quay. At Hay St turn left into the port area, then right into Wildman Ave through the roundabout to veer left at Akersten St.

Ride alongside the Nelson Marina where there is a picnic area near the supervisor's office. At the end of Akersten St there is a place to sit and enjoy the view across to the Boulder Bank.

Return down Akerston Street and take the left turn onto the marked walkway that returns to the city under the QEII Drive Bridge and then go across another Saltwater Creek footbridge, back along the Maitai River Walkway to the start point.
